

RETAINED RESEARCH PARTNERSHIP

# ISLAND 2036

---

Economic, social and environmental advisory package, retained year-round for island-based organisations.

[WWW.ISLEFACT.COM](http://WWW.ISLEFACT.COM)

September 2026

# Why island-based organisations need a firm evidence base

---

## Decisions often outpace evidence

Key decisions are frequently based on historical data which is often out-of-date in a rapidly changing world and not island-specific.

## Internal capacity can be light

Island-based organisations rarely have dedicated in-house island analysts, so research is often commissioned late and in fragments.

## Business investment requires evidence/proof

Strategic investment opportunities increasingly require latest baseline data, impact measurement, and credible forward projections.

# Three pillars, one clear offer

---

Each pillar answers one question. Together they make the business direction much clearer whatever the sector.

## PILLAR 1

### RESILIENCE

---

**Resilience/Vulnerability  
Index (RVI-20)**

How resilient or vulnerable are the islands relevant to the client business?

## PILLAR 2

### DEPENDENCY

---

**Single-Sector Dependency  
Analysis**

How exposed are the client islands to one dominant economic activity?

## PILLAR 3

### FUTURE

---

**ISLAND 2036 Long-term  
Vision**

Given the vulnerabilities and opportunities, what are the prospects for the client islands?

Your business becomes much clearer.

# Three primary focus areas

---

Each element stands alone. Together they answer the range of questions that islands actually have to face.

01

## Economic/Fiscal

- Sector performance and employment analysis
- Fiscal trends and capital funding
- Investment and business opportunities

02

## Social/Infrastructure

- Population and migration tracking
- Community infrastructure and project delivery
- Services access and overall wellbeing

03

## Environmental

- Marine and land-use baselines and threats
- Energy transition and water resources
- Climate risk and overall resilience

# What the annual retained service includes:

---

Five key deliverables renewed annually.

**01 Annual RVI-20 Assessments & Benchmarking**

Index of 20 Resilience/Vulnerability Factors for comparative islands.

**02 Quarterly Island Intelligence**

What has changed positively and negatively, and why it matters to economic/social sectors.

**03 Island 2036 Executive Biannual Briefings**

Longer-term strategic analysis supported by predictive economic/social/environmental scenario options.

**04 CPD Seminars - Biannual Events**

Full access to our accredited programme.

**05 Early-warning Alerts/Reviews**

Significant shifts in resilience or vulnerability.

This programme creates an ongoing relationship, not a series of reports.

# What next?

---

## Confirm

Agree the research lines as the primary scope for years' one and two.

## Commit

Approve an annual retainer fee fixed for two years from the start of the partnership.

## Convene

Nominate a senior leadership team member for ongoing liaison and Island 2036 reporting cycles.

Decisions made for the next decade deserve evidence built for it.
